

THE CONSEIL SUPÉRIEUR DE L'ÉDUCATION (CSE) AND THE CENTRE DE TRANSFERT POUR LA RÉUSSITE ÉDUCATIVE DU QUÉBEC (CTREQ)

are proud to present:

THE “TOWARD A SCHOOL ENRICHED BY ALL ITS STUDENTS” TOOLKIT

This toolkit contains a series of training and information tools intended for elementary and secondary school teams that wish to pursue their reflection on what actions to take to move towards a more inclusive model of education.

In October 2017, the Conseil published the Brief “*Pour une école riche de tous ses élèves - S'adapter à la diversité des élèves, de la maternelle à la 5^e année du secondaire*” (Toward a School Enriched by All Its Students: Adapting to Student Diversity, From Kindergarten to Secondary 5). In preparing this Brief, the Conseil met with 10 schools that have succeeded in adapting to student diversity. By exploring these real-life examples, the Conseil discovered some of the ways to achieve inclusive education in practice. These success stories were important sources of inspiration in developing the toolkit.

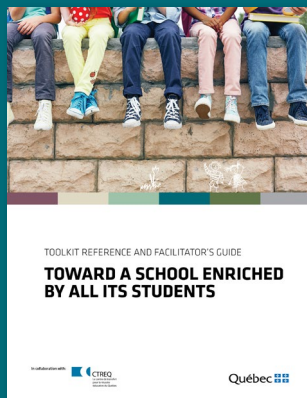

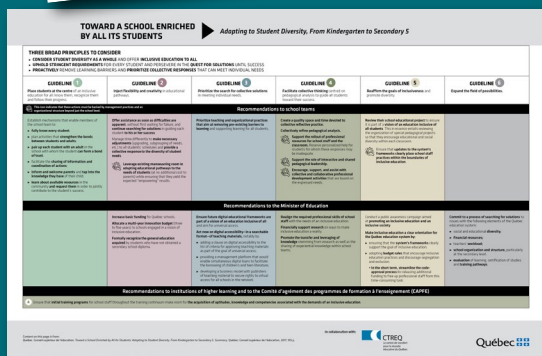

Toolkit materials:

A **video presentation**, which introduces the main points of the Brief. Its accompanying participant's workbook can be used to carry out the reflection and development activities proposed in the video.

A **placemat**, which summarizes the Brief's key principles, guidelines and recommendations. It also provides a few examples of practices that support inclusive education.

A **reference and facilitator's guide**, which explains how to use the toolkit. It also contains six workshops to support the process of engaging school teams, as well as related reproducibles.

How to obtain a copy of the toolkit:

Electronic versions of the tools and materials can be downloaded free of charge at the following link:
